## PROFILE

Creative with a marketing and brand-strategy background, moving into production, with hands-on set experience as production manager, production assistant and script supervisor on short films and an art video. Comfortable with call sheets, schedules, transport, catering and budgets, and calm on shoot days. Five years in agencies and brand-side marketing, working with brands including National Bank of Greece, UNICEF and ActionAid, gives me a client-side view of what a production needs to deliver.
